Accountability Pillar Summary Results Report

October 22, 2018

Background

The Accountability Pillar surveys are administered annually during the months of January to March to:

- Students in Grades 4, 7 and 10;
- Students in Grades 4 through 9 (small schools);
- Parents of students in Grades 4, 7 and 10; and
- Teachers.

Students and teachers complete the surveys online at school while parents receive a copy of the survey by mail and are asked to return the survey directly to Alberta Education by mail. Responses are collected and tabulated into the summary chart released in May and are updated in October to supplement updated academic achievement results through the Provincial Achievement Tests (grade 6 and 9) and the Diploma Examination results (Divisional and First Nations, Métis and Inuit specific).

The Accountability Pillar Summary includes several reports:

- Graminia School's overall summary
- Graminia School's First Nations, Métis and Inuit (FNMI) Summary (if applicable)
- New results for all survey measures
- Results for derived measures (Drop Out Rate, High School Completion Rate, Post-Secondary Transition Rate, Diploma Examination Participation Rate, Rutherford Eligibility Rate)

Approximate Survey Responses:

- 31 parents responded to the survey which is up from the 24 parents who answered the survey last year. Unfortunately, low survey responses may not accurately represent our parent population;
- In Parkland School Division, approximately 420 parents responded to the survey. The five-year average for parent responses is approximately 392;
- In Graminia School, approximately 95 students responded to the survey;
- In Parkland School Division, 2,482 Students (860 in Grades 4-6; 744 in Grades 7-9; 878 in Grades 10-12); and
- In Parkland School Division, 419 teachers responded including 24 teachers from Graminia School.

These are approximate numbers as not every student answers every question.

Areas Requiring Strategic Planning

Parkland School Division's Ultimate Goal is Student Success and Well-Being.

The Board's new Education Plan for 2018-2019 targets five Assurance Elements in the domain of Student Growth and Achievement:

1. Students demonstrate student learning outcomes and competencies as outlined in the Alberta Programs of Study.
2. Students demonstrate proficiency in literacy and numeracy.
3. Students demonstrate understanding and appreciation for the diversity of all learners.
4. Students are meaningfully engaged learners who demonstrate confident resilience and are inspired to explore without fear of failure.
5. Students and teachers use assessment feedback to identify strengths and areas of need, set goals for new learning, and continuously reflect on their progress.

Our school's plan for education aligns to the Board's Education Plan.
